PROFILE

Dr.V.RAMALAKSHMI,M.Sc,M.Ed,Ph.D,.[PHYSICS]

EDUCATIONAL QUALIFICATIONS:

Course	Institution	University/Board	Passing of year
Ph.D [Physics]	S.T.Hindu college ,Nagrecoil,.	Manonmaniam SundaranarUniversity Tirunelveli.	2019
M.Ed [Physics]	Radha college of education, Dharmapuri,.	Tamil nadu teacher Educational University, chennai	2010
B.Ed [Physics]	Mahatma college of education , Sankarankovil,.	Manonmaniam SundaranarUniversity Tirunelveli	2008
M.Sc[Physics]	Annamalai University	Annamalai University	2007
B.Sc[Physics]	Arulmugu kumarakuruparar Govt Arts college ,Srivaikundam.	Manonmaniam SundaranarUniversity Tirunelveli Annamalai University	2004

EXPERIENCE DETAILS:

Name of the college	Acted as	No.of.Year
Sri Ramachandra naidu college of education ,Sankarankovil.	Lecturer	1 year [sep 2010-sep2011]
Selvam college of education Namakkal.	Lecturer	1 year [Dec2011 -Dec 2012]
Govt Arts college for women, Krishnagiri..	Lecturer	08.01.2020 to till date

LIST OF PUBLICATION:

PAPER PRESENTED IN JOURNAL:

1.Molecular interaction analysis on the mixture of amines with amide base on excess dielectric parameters by TDR method. Journal of computational an the throretical nano science,[Vol.16,580-584,2019],

2.Dielectric Relaxation studies on diethanolamine and triethanolamine with N,N Dimethylformamaide using TDR Techniques. Jounal of analysis and computation ISSN 0973-2861 [vol.13,2 feb 2018]

PAPER PRESENTED IN CONFERENCE:

1. Dielectric relaxation study of amines with amide using TDR.International conference on Advanced materials and nano technology at GONZAGA college of arts and science for women-Krishnagiri.

2. Dielectric relaxation study of DFA with dma binary mixture using TDR.National conference on advanced material,[NCAM-2016] held during 25 th -26 th February at periyar University -Salem-636011.

3. Microwave dielectric spectra and molecular interaction in binary mixture of Triethanalamine with formamide .Recent advanced in Nano scienceand nano technology [NSRANN-2017] at periyar university,salem -636011,

4. Dielectric studies of mixtureon amide with amine National conference on biomedical in medicinal chemistry BMC -2017 at. Madurai kamarajar University .

5. Dielectric relaxation studies on diethanolamine and triethanolamine with NN dimethylformamide using TRD method, International conference on emerging trends and Challenges – 2018. NPR arts and science college , Dindigul.

6. International workshop on emerging trends in crystal growth – 2020, PG & Research department of physics , Govt. Arts college for Men, Krishnagiri.
